

Application Serial No. 10/620,323

REMARKS

1. Applicant acknowledges and thanks the Examiner for indication of allowance  
5 of Claims 65 and 94-97. Responsive thereto, Applicant has cancelled all other  
pending claims, i.e. Claims 66-68, 72, 75-93, and 98-101. Accordingly, the  
application is deemed to be in allowable condition, only the allowed claims  
remain in the application. Applicant notes that Claim 95 contained the plural term  
"claims." Claim 95 has been amended so to correct the tense of the term by  
10 substituting the term "claim" therefore.

2. In view of the foregoing, Applicant deems the application to be allowable and  
respectfully requests that the Examiner provide a Notice of Allowance so that the  
application issues as a U.S. Letters Patent.
